

EDITORIAL

Dear people of Montmaurin,

This last village newsletter of 2019 brings you several invitations:

From 16 January till 15 February 2020 l'INSEE (*) is organising a **population census in our village**. Marie Paumier who is the census agent for the whole commune will be speaking to you. Please be prepared to give her some time so that the census can be carried out in the best of conditions.

In the light of the next municipal elections of the 15 and 22 March 2020 (first round then second if necessary) the process for **registration on the electoral rolls** are set out later in this letter.

And then, as usual, we will gather in a sociable fashion to chat and meet with our older residents who will receive a tasty parcel of local produce.

Saturday 4 January 2020 from 3.00 pm in the village hall.

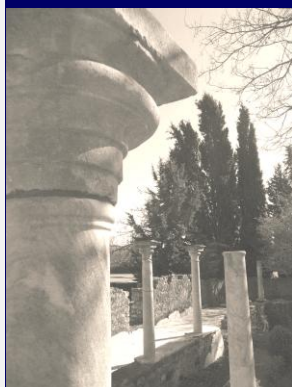

I hope to find you in good health at the start of the year and to have the pleasure of sharing with you the galette des rois. I thank you in advance for being there.

All your Mesdames councilors join with me in sending our best wishes for good health, joy and peace in this coming year.

Sincerely,

Silvia Belair, Le Maire

(*) Institute for national statistics and economic studies.

INSEE : POPULATION CENSUS 2020

Every five years INSEE organises a population census in our village.

In Montmaurin the last census showed 215 inhabitants (amongst whom 5 were counted as living away - students, people in retirement or nursing homes ...).

How to reply to the INSEE questionnaire:

- with the help of the census agent who will give you a questionnaire sheet to fill in which will be collected at a time that suits you;
- By internet - the questionnaire is on line: the census agent will give you your access code and your dedicated password in order for you to get connected.

For further information contact the mairie during opening hours on Saturdays or you can go to the site www.le-recensement-et-moi.fr ... where on- line help is available.

The census is necessary in order to have:

- firstly information on the number of inhabitants in the village,
- secondly information on the family structure of its inhabitants.

All this information is useful for calculating the grants allocated by the state to the village for its administrative budget, some of which are based on the legal population and allows consideration to be given to the equipment and needs of the village.

Your participation is essential: it is obligatory by law, but above all it is a civic duty that is simple and useful for us all.

DES CHIFFRES AUJOURD'HUI
POUR CONSTRUIRE DEMAIN

C'EST UTILE
Le recensement permet de connaître le nombre de personnes qui vivent en France. Il détermine la population officielle de chaque commune. Ses résultats sont utilisés pour calculer la participation de l'État au budget des communes : plus une commune est peuplée, plus cette participation est importante. La connaissance précise de la répartition de la population sur le territoire et de son évolution permet d'ajuster l'action publique aux besoins de la population en matière d'équipements collectifs (écoles, maisons de retraite, etc.), de programmes de rénovation des quartiers, de moyens de transport à développer...

C'EST SÛR
Le recensement se déroule selon des procédures approuvées par la Commission nationale de l'informatique et des libertés (CNIL). Le traitement des questionnaires est mené de manière strictement confidentielle, votre nom et votre adresse ne sont pas enregistrés et ne sont pas conservés dans les bases de données. Enfin, toutes les personnes ayant accès aux questionnaires (dont les agents recenseurs) sont tenues au secret professionnel.

C'EST SIMPLE
Un agent recenseur, recruté par votre mairie, vous remettra vos codes de connexion pour vous faire recenser en ligne. Si vous ne pouvez pas répondre en ligne, il vous remettra des questionnaires papier qu'il viendra récupérer à un moment convenu avec vous.

LE RECENSEMENT SUR INTERNET : C'EST ENCORE PLUS SIMPLE !
Plus de 60% des personnes recensées ont répondu en ligne en 2019.
Pour en savoir plus, vous pouvez vous adresser à votre mairie ou vous rendre sur www.le-recensement-et-moi.fr

Le recensement de la population est gratuit,
ne répondez pas aux sites qui vous réclameraient de l'argent.

LE RECENSEMENT SE DÉROULE DANS VOTRE COMMUNE DU 16 JANVIER AU 15 FÉVRIER 2020
SE FAIRE RECENSER EST UN GESTE CIVIQUE, SIMPLE ET UTILE À TOUS
www.le-recensement-et-moi.fr

MUNICIPAL ELECTIONS

15 MARS 2020 (1ST ROUND)

In order to vote you must be registered on the village electoral roll. Registration is automatic and updated by INSEE for young people reaching the age of 18 or for someone who has obtained French nationality since 2018. Those who have not been registered must ask at the mairie or on line to be registered.

Registration on electoral rolls for French people and European nationals over the age of 18 can be carried out **all through the year** except an election year so for 2020 **up to Friday 7 February 2020**.

To register yourself on an electoral roll you must have digitised or be able to produce the following documents:

- Proof of identity,
- Proof of domicile (depending on your situation): proof of your name, proof of having been subject to local taxes (taxe d'habitation, taxe foncière, CFE).

New regulations for management of the electoral rolls were put in place in 2019 notably with the creation of single permanent electoral directory (REU) overseen by INSEE and of the creation of a committee overseeing electoral rolls in charge of ruling on registrations or removals, and thus watching over the legitimacy of the said lists.

Supervising committee

The law 2016-1048 of 1st August 2016 set up a supervising committee in each commune(article L19,1 of the electoral code), the composition of which is fixed by prefectural decree appointing its members. In Montmaurin the members of this committee are appointed until the next general renewal of municipal councils : Françoise Darengosse, Véronique Quéreilhac, Alain Cabanel and Cédric Brumas (representing the administration) and Odette Ané (representing the high court).

Responsibilities of the supervising committee :

- to give an initial ruling on any administrative appeals lodged by interested voters against a refusal to register or removal from the list made by the mayor;
- to oversee the legitimacy of the electoral roll on specific occasions

The committee meets between 24 and 21 days before each ballot or, in years when there is no ballot, at least once a year.

A completely automated system keeps The single electoral directory (REU) constantly updated. The communes send directly to the REU:

- Registrations on the electoral rolls that have been validated by the mayor
- Removals from the electoral rolls made because people are no longer attached to the commune when this has been duly checked by the mayor.
- Voluntary removals requested by voters registered elsewhere.
- Decisions about registrations or removals reached by the supervising committee.

Any voter may question the REU about his or her individual situation using service-public.fr

We remain available to help you with any steps you might wish to take.

PLAN LOCAL D'URBANISME intercommunal (PLUi)

Le Comminges, territoire rural aux pieds des Pyrénées se distingue par ses paysages, ses villages de coteaux au Nord et de plaines le long de la Garonne au Sud.

Depuis quelques années, plusieurs dynamiques se dessinent sur notre territoire. **Comment préserver nos ressources, notre environnement et nos paysages, comment répondre aux besoins en logements, où et comment construire, comment valoriser notre territoire ?** Autant d'enjeux identifiés et de défis à relever ensemble.

La communauté de communes Cœur & Coteaux Comminges a prescrit l'élaboration de Plans Locaux d'Urbanisme intercommunaux infracommunautaires (PLUi²).

Un projet d'aménagement se dessine pour l'ensemble des communes du territoire à l'horizon 2030 : urbanisme, habitat, revitalisation des centre-bourgs, mobilité, développement économique et touristique, agriculture, environnement et paysage, risques naturels sont pris en compte afin de traduire un développement harmonieux.

En tant qu'habitants du territoire, venez participer à la construction de ce projet.

Des registres sont mis à votre disposition dans les mairies d'Aurignac, Boulogne-sur-Gesse, L'Isle-en-Dodon, Montréjeau et Saint-Gaudens, ainsi qu'au siège de la Communauté de Communes.

Vous pouvez également envoyer vos observations par courrier à Monsieur le Président, Communauté de Communes Cœur & Coteaux Comminges, 4 rue de la République, BP 70205 31800 Saint-Gaudens cedex ou par mail à contact@la5c.fr.

LE PLUi – its ambition is to create a centre of population at Communauté de Communes level and as such will allow:

- ❖ A collective consideration of habitat, urbanism and regional development ;
- ❖ Enhancement of the heritage of the area emphasising the high points, their specific nature and richness, with a first objective of developing tourism and protecting biodiversity, ...
- ❖ Maintaining public services and facilities, answering the needs of the population, ...
- ❖ Economic and agricultural attractiveness, mobilisation of local resources, creation of jobs.....linked with ecological, landscape and environmental problems

The **Communauté de communes Cœur et Coteaux du Comminges** has retained the area project by the realisation of 3 PLUi, complementing that of the former canton of Aurignac which had already been completed, with:

- . PLUi Coteaux nord (26 communes, 4.959 habitants), avec l'Isle-en-Dodon comme Pôle structurant de bassin de vie,
- . PLUi Coteaux sud (28 communes, 6.468 habitants), avec Boulogne-sur-Gesse comme Pôle structurant de bassin de vie,
- . PLUi Cœur et plaine de la Garonne (31 communes, 28.335 habitants), avec Saint-Gaudens comme Pôle urbain principal.

These documents are called "Plans Locaux d'Urbanisme intercommunaux infracommunautaires (PLUi²)" The schedule for completing them goes from the beginning of 2020 till June 2021.

OPENING TIMES AT THE MAIRIE : Saturday from 10.00 till 12.00

The mayor may also be seen by appointment :
Tél. 05 61 88 10 84 – email : mairie.montmaurin@orange.fr

SECRETARIAL WINTER HOLIDAY : 19 DECEMBER 2019 TO 3 JANUARY 2020 INCLUSIVE

In emergencies or for an appointment : Silvia BELAIR
Tél. 06 07 23 16 07 – 05 61 88 21 63

Copies of this newsletter are distributed in French and English and are available from the Mairie or can be consulted on line www.montmaurin.fr
